APRIL 2023 UPDATE

Dear Brothers & Sisters in Christ,

I think my summary of this quarter is '**humbling**'... I stand amazed at the faithfulness and goodness of God towards us in the face of my many shortcomings and failures. His presence, open doors, new supporters, and countless blessings that make me feel a bit like Ruth gleaning in the fields of Boaz! We certainly want to thank each of you who've been used of the Lord to help us continue this work for the Glory of God.

UPDATES & UPCOMING

- **Haiti Update-** Unfortunately the latest news is not new at all. As one reporter put it "*Soon there will be no-one left to kidnap*" in Haiti. In the 1st 3 months of this year, kidnappings by gangs has risen 3-fold with at least 389. This situation is so perilous for the millions living under this constant fear and bondage. No substantive action has yet been done by the Haitian government or the UN, although each of these will only have band-aids of physical solutions in an attempt to solve a deeply spiritual issue. Please pray for revival & liberty for the Haitians.
- **ABC-** Ayiti (Haiti) Baptist College is getting great traction. Bro. Simeon Brazzell has been working with me on the website. He is a missionary to Australia, and also a web designer & host for RBM/ABC (and others). The site is looking very good, and we hope to launch it publicly very soon. This will be the platform for accessing our learning management system through Moodle, where all of the lessons for ABC will be available.
- **Conferences-** I have attended & preached at several invited conferences this quarter, and have at least two upcoming 'Fasting Conferences' that I will be teaching and preaching at. Please pray that I can be a help to those desiring to know more about this neglected subject.
- **Book-** DONE! Although this consumed much more time than I originally thought, the book "When ye Fast" is available now on Amazon in a couple different formats. I would love to hear your feedback if you happen to read it.

PRAYER REQUESTS

- An issue I'm battling with due to increased computer work: Tendonitis in my elbows. Quite debilitating at times and is hindering long hours of lesson prep.
- Lesson prep for the ABC lessons in phase 1.
- For the Haitian people & their government officials
- Increased support for the college ministry needs
